Week 4 Term 3 – Thursday 15th August 2019

Arranounbai has been a very busy place for staff in the last two weeks as ILP meetings have been in full swing. I am so grateful to have the opportunity to join many of the scheduled ILPs. It is great to hear the progress each student is making and the adaptations that have been made to everyone's goals to ensure semester 2 is as productive as possible. Huge thanks to the staff for your additional efforts and hard work preparing and developing each ILP. Many thanks to each family for finding time in your busy schedules to come to school and meet with staff to review ILPs. The incredible commitment from everyone clearly makes a difference to each individual. Thank you!

Stephanie Hopkins: Principal

School Photos

School photos have been advertised on the wrong date – they will be held on **Thursday 24th October** not Monday 26th August. So we still have time to book a haircut...phew!

Chocolates

This week everyone has received a box of chocolates as part of the P&C chocolate drive. Please endeavour to sell the box and return the

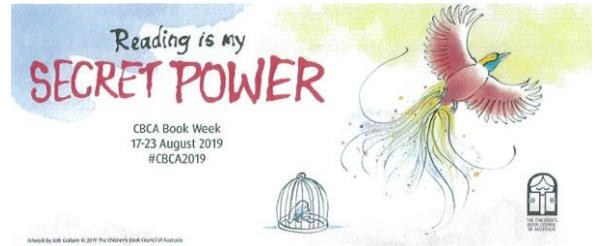

money to the school office asap. If you would like another box I am sure it can be easily arranged, just email the P&C arranounbaipandc@gmail.com

New Technology

Many of you by now have seen our new sign in system at the front office. HUGE thanks to Mrs Cameron who has worked patiently with Passtab to create a very functional and effective system for Arranounbai, thank you! Whenever you visit school now you will need to sign in and out on the iPad. Warning: you do need to take a photo and wear it as a sticker ;-)

Germ and Bugs

I am not sure if it was the cold snap that brought the snow but this week has seen a great deal of sickness throughout school. Please be very mindful that many students are quite vulnerable to colds and flu. Any symptoms please keep your child home.

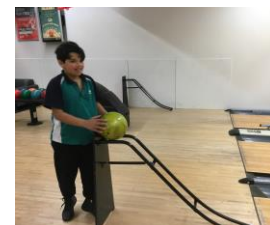

Book Week/Open Classrooms/Grandparents Day

Next Friday is our annual Grandparents day along with our book week celebration and an opportunity to join students in the classroom. Students are encouraged to come dressed as a favourite 'book' character (please return the note with details to Mrs Scholz) for the parade at 9am as part of Assembly. After the parade families will be invited to join their children in their classroom to participate in an activity. Hopefully you can then stick around and join us for morning tea, completely made by the students, at 10:30. We look forward to seeing lots of you on Friday morning from 9am, see you then.

3M Bowling

Monday afternoon saw 3M excitedly head off to Dee Why to have a bowling afternoon.

Get Well Soon

Sending all our love from Arranounbai to wish Hannah a speedy recovery and a quick return home from hospital.

Class Merit Award recipients- Week 3

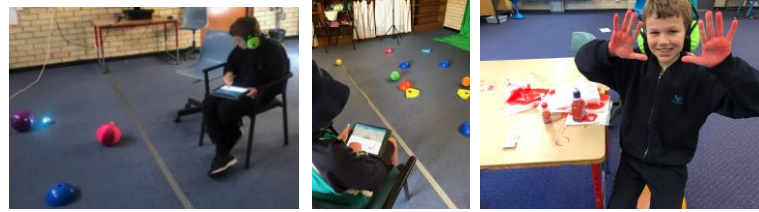

Congratulations to the following students who received class awards at Friday's Assembly.

- | | |
|-------------------------------|----------------------|
| 1A – Owen | 2C - Aaron |
| 2J - Aurora | 3N – Jonah |
| 3M – Mikey | 4K – Isabella |
| Library – Gigi | Art – Owen |
| Music – Emma | Kitchen Garden - Rex |
| Shopping/Life Skills – Jakson | |

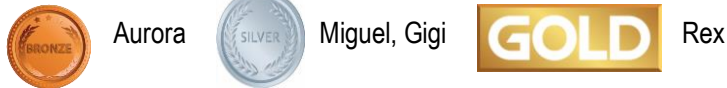

During science week 3M explored using the iPad to control the movement and change the colour of a Sphero. As a team we discovered how to use the iPad to move the Sphero around an obstacle course.

3N have had a great time during Science week where we've explored the theme Destination Moon! We enjoyed watching the man landing on the moon, making our own rocket, using sphero's to move around our own "moonscapes". We even tried to make our own lava lamp where science taught us about explosions!

Arranounbai Attitude Awards

Congratulations to the following students, who gained their tokens to receive their Bronze, Silver and Gold Awards.

Dojo Points: Matthieu, Mikey

4K has officially decided they love Science!! From landing on the moon, to launching our own rockets, to driving space rovers over moon craters students have loved it all.

1A had lots of fun exploring the rockets this week.

Class of the Week

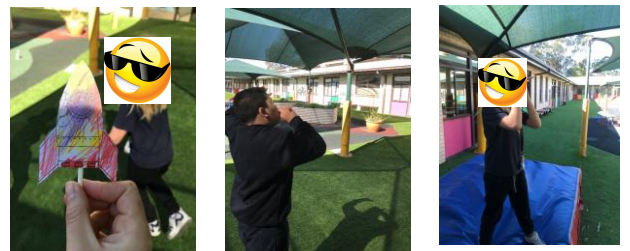

Each week during assembly a 'spy' will watch each class, looking for those doing their best to follow the Arranounbai Attitude. At the end the spy will announce the class that has shone that week.

Week 3: Spy – Mrs Black Class: 5S

During Science Week 2C enjoyed learning about rockets and how they work. They made their own straw rockets and experimented blowing them in different directions to make the rocket fly further.

Arranounbai Pin

Well done to Margaux who received her Arranounbai Pin.

Dates for Your Diary

- Year 10 – Transition Meetings- 21st August
- Grandparents Day – Friday 23rd August
- Father's Day Breakfast – Friday 30th August
- Swim School – 2nd to 13th September
- Art Exhibition Opens – Wednesday 18th September
- *Film Fest* - Friday 20th September

5S Jakson controlling the 'Sphero' with the iPad. William had the idea to make a human bridge for the sphero to travel under. Great idea, Will! Everyone enjoyed the learning and the fun.

2J Loving Science Week in Art.
